Welcome to Kankakee Area YMCA Day Camp!

Emily Carson
Youth Director

We can't wait to spend the summer with your child! The YMCA offers a summer camp that is like no other, with a focus on relationships, achievement and belonging! Your child will make new friends, be active and healthy, learn new skills, and above all, have fun.

Our camp counselors and directors look forward to working with your child this summer. All camp staff are certified in CPR and first aid. Our counselors also complete training which focuses on keeping children safe, helping children achieve, and giving children opportunities to belong. Counselors get to know each camper and help campers build strong bonds both with their peers and counselors. Our camp also offers water safety lessons to non-swimmers. If you feel your child would benefit from swimming and water safety instruction, please tell us on your child's camp registration form. We want all of our campers to be safe around the water!

Communication with families is important to us! Weekly newsletters help you stay up-to-date with activities, field trips, and snack and lunch menus.

Camp Discover

Camp Discover is our base camp for children ages 5 – 12 to experience a well-rounded, fun time at camp without any additional fees. Each week will have a new theme, from sports to pirates to LEGOs and movies. Our campers will take part in activities throughout the week that are related to the theme, along with other camp activities like swimming, lunch, and games.

In addition to fun times at the Y, campers will also get to take part in weekly field trips that will be both fun and educational. This year, we will be going to Adler Planetarium, the Museum of Science and Industry, a Joliet Slammers game, and much more! Check out the following pages to see what each week's field trip will be.

During the week, campers can be dropped off from 6:30 – 9:00 AM and enjoy a breakfast as we start our day. After the morning activities, we will have a healthy lunch and finish the rest of the day's activities. Pick up from camp will be from 3:30 – 6:00 PM.

..... Specialty Camps

The Y's specialty camps are perfect if your child want to start experimenting or learning more about specific activities, sports, and more! Each week, we offer three different specialty camps. Campers enrolled in these camps will do all the typical activities with Camp Discover, but for two hours of the day, they will be on their own learning about or practicing that week's activity.

This year, we have a variety of educational camps, sports camps, and fun camps. Check out each week's specialty camp descriptions throughout the guide to find the best fit for your child!

Preschool Camp

The Kankakee Area YMCA offers a great preschool option for children ages 3 – 5. Children 5 years old may be enrolled in either Preschool Camp or Camp Discover; the Camp Director may decide whether the child is ready for a full day in Camp Discover. Preschool camp field trips may be different than field trips for Camp Discover and are subject to change. Parent chaperones are welcome and encouraged to participate on field trip days.

Camp Shhh...

Camp Shhh... is a brand new unique camp this year designed for the more relaxed, quiet camper. We recognize that all children are different and have different needs and interests. Not all children enjoy large groups, or are into sports, or enjoy being on the go.

Does your child prefer to be alone or in small groups? Do they enjoy activities such as reading, writing, drawing, and painting? Then this is the perfect camp for them. We will focus on keeping children in small groups divided by age. This camp was designed for the needs of children who have an interest in the creative side of life.

Most of the weekly themes and all of the field trips for this camp will remain the same as Camp Discover, however the activities will be different. The activities in Camp Shhh.. will place an emphasis on reading, writing, journaling, researching, drawing, painting, and exploring the environment through the imagination.

Weekly Camp Shhh... activities are subject to change.

Anyone picking up a child must present photo ID and be on the authorized list for that child.

All children in Camp Discover and Specialty camps swim every day. Lifeguards are always on duty and we provide flotation devices.

Each week a group of non-swimmers will receive 20 minutes of daily swim lessons and water safety.

CCR&R

If a participant receives Child Care Resource & Referral, an approval letter and parent co-payment are due prior to the month the camper attends.
